

STRIKING OUT CANCER

The Mattawan Softball program will be hosting Lakeshore Softball for the First Annual "Striking Out Cancer" Event. All proceeds from T-Shirt Sales and donations received at the game will be contributed to a scholarship fund in memory of Renee Dubs, who recently lost her battle with breast cancer. The first recipient will be Mattawan High School student, Rena Dubs, in memory of her mother, Renee. The Mattawan Softball Program will work to establish an annual Renee Dubs Scholarship, given annually in Renee's name. Pink shirts are \$10 each and will be on sale at the game along with many other items. Please come out and join us for this event and help support the Mattawan community that Renee loved so much.
